## PROJECT BACKGROUND – NERROLS PRIMARY SCHOOL, TAUNTON

### Project Background

Nerrols is a primary and nursery school which is part of the Richard Huish Trust located in Taunton. Opened in September 2019, Nerrols includes facilities such as 14 classrooms, main hall, kitchen, science and technology room, sports hall library, food technology room and a 3G sports pitch. Built to support a new residential development being constructed, the two-story building school provides 420 places for 4 to 11 year olds and 26 nursery places, with modern colour render above, and features a generous canopy over the main entrance.

Cellecta's **Mojave S1-8** was specified due to it being a lightweight option for an acoustic composite floor build up. This system has a low energy use, reducing running costs and co2 emissions, which benefits the environment.

**Willmott Dixon** was awarded this 1,000m<sup>2</sup> contract by Somerset County Council to construct this development in Somerset.
