INNOVATION IN INSULATION

Commercial Case Study

PROJECT BACKGROUND – MONEYFIELDS, PORTSMOUTH

Project Background

Moneyfields is football club in Portsmouth which includes a new social club and sports facility Building with housing development of 26 residential units in the form of 14 one and two bedroom apartments and 12 four-bedroom houses. Redevelopment of this part single and two storey building was completed to accommodate the sports and social club with bars, function hall, kitchen, cellar, offices, changing rooms, boxing ring, gym, spectator stand, classrooms, ticket office, tea hut, car park, and a pitch with floodlights and fencing.

Cellecta's **Mojave S1-8** was specified by **PLC Architects** due to it being a high-performance underfloor heating system, offering a dry and robust floor build up from one source. **XFLO** boards are manufactured to suit the pipe diameter and spacing required to achieve the desired thermal output.

Chichester Building and Carpentry Ltd was awarded this 900m² contract to construct this redevelopment in Portsmouth.
