

Residential Case Study

PROJECT BACKGROUND – EBURY SQUARE, BELGRAVIA

Project Background

Ebury Square is a development consisting of 71 one to five bedroom private apartments and a penthouse featuring opulent design and impeccable finishes. It has easy access to the Victoria Mainline, underground and Gatwick Express.

Cellecta's **YELOfon HD10+** was specified by **Squire & Partners** due to the system being lightweight, easy to install, and delivers unrivalled acoustic performance when used to isolate a floating screed from a structural concrete floor. **YELOfon HD10+** is an acclaimed resilient layer system that carries 3 proprietary Robust Details: E-FC-5, 17 & 18.

Berkeley Group was awarded this 10,000m² contract to construct this development in the London borough of Belgravia.
