

Healthcare Case Study

PROJECT BACKGROUND – BAYCROFT, GREAT BADDOW

Project Background

This Baycroft is a superb luxury 62 bed care home offering 24-hour personalised residential, nursing and dementia care, situated in the village of Great Baddow in the Borough of Essex. Its facilities include a cinema, dining rooms, an open café in the entrance foyer, a quiet room, large lounge areas, a physio room, a library, a hair salon, a spa treatment room, a gym, a craft room, and activity room, and landscaped gardens.

Cellecta **ScreedBoard 28** was specified for its versatility on all types of floor coverings, making it the ideal option for this project. It features interlocking edges for installation convenience, meaning no screws are required. This can help on site saving installation time.

CastleOak Care Partnerships was awarded this 1,850m² contract to develop this care home in Chelmsford.
