

CELLECTA
INNOVATION IN INSULATION

Commercial Case Study

PROJECT BACKGROUND – HARTHAM LEISURE CENTRE, HERTFORD

Project Background

Hartham Leisure Centre scheme comprises of a refurbishment and two-storey extension as part of the East Herts Council's investment in leisure. The centre now includes a gym, modern studios, soft play areas, and a café area. This refurbishment and extension have not only enhanced the centre's aesthetic appeal and functionality but also solidified its position as a leader in sustainability and commitment to a greener future.

Cellecta's **HEXATHERM XFLOOR 300** was specified by **Saunders Boston Architects** due to its high resistance to compression and closed cell structure that provides unrivalled resistance to water absorption, making them ideal for a multitude of domestic, commercial, and educational applications.

Cadman Construction was awarded this 500m² contract for this BREEAM build in Hertford.
