

# Commercial Case Study

## PROJECT BACKGROUND – THE TYTHERINGTON, MACCLESFIELD

### Project Background

The Tytherington is a 4-star hotel and club situated nearby to Manchester airport. The hotel saw the refurbishment of its club and the development of 65 bedrooms, with a bar and tennis court, guests can use the spa, wellness centre, fitness centre, sauna, hot tub, and garden. The new investment sees refurbishment of club facilities including members bars, changing rooms, function rooms, and reception areas. With over 300 onsite car parking spaces, Capesthorpe Hall is 7.3 miles from The Tytherington while Fletcher Moss Botanical Gardens is 13 miles away.

Collecta's **ScreedBoard 28** was specified by **HPW Architecture Ltd** due to it being suitable for all floor types and is frequently viewed as the solution of choice for new build and refurbishment developments. With its interlocking edges for installation convenience, high density, and unique resilient layer it provides unrivalled acoustic performance.

**J M Scully** was awarded this 2,000m<sup>2</sup> contract to construct this development and refurbishment in Macclesfield.
